■ I hereby release the aforementioned domain name(s) for transfers to the new provider named below and commission united-domains to approve an incoming transfer request. I hereby revoke any existing registrar locks.

From the date of termination, the new provider has 60 days to complete the domain name transfer. If the transfer is not completed within this period of time, the transfer release of the domain name(s) will be reset. The contractual settlement periods shall continue to apply.

For domain names with activated Whois Domain Privacy (WDP) that shall be transferred, the existing WDP-Trustee data in the public WHOIS will be replaced by customer's data on record before unlocking the domain name(s) for transfer.

The domain is automatically renewed for another year if united-domains does not receive a transfer request in time. For most extensions, such as .de, .eu, .com, .net, .org, .biz and .info, this must be received no later than 14 days before the end of the contract year. For all other extensions, the deadline is two months. Please also note that the transfer must be completed in full to avoid automatic renewal. Outstanding fees shall be paid by the domain owner/admin-c in the case of a termination for the change in provider. For more information see the general business terms of united-domains AG available at www.united-domains.de/agb.
